

## PAST CONFERENCES

### 2014 JOINT MATHEMATICS MEETINGS Baltimore Convention Center, Baltimore, Maryland, USA January 15–18, 2014

The largest mathematics meeting in the world, the Joint Mathematics Meetings (JMM), was held at Baltimore's Inner Harbor, one of the most photographed and visited areas of the city and one of the major seaports in the United States since the 1700s. This was the 97th annual winter meeting of the Mathematical Association of America (MAA) and the 120th annual meeting of the American Mathematical Society (AMS). The JMM hosted sessions by the Association for Symbolic Logic (ASL), the Association for Women in Mathematics (AWM), the National Association for Mathematicians (NAM), and the Society for Industrial and Applied Mathematics (SIAM).

## FORTHCOMING IASE CONFERENCES

### 9th INTERNATIONAL CONFERENCE ON TEACHING STATISTICS Flagstaff, Arizona, USA July 13–18, 2014

The International Conference on Teaching Statistics (ICOTS) is held every four years in different parts of the world. This conference is organized by the IASE. The main purpose of ICOTS is to give statistics educators and professionals around the world the opportunity to exchange information, ideas and experiences, to present recent innovation and research in the field of statistics education, and to expand their range of collaborators. The ICOTS-9 conference theme is 'Sustainability in Statistics Education'. The 2014 Conference will be held in Flagstaff, Arizona, USA, which lies near the southwestern edge of the Colorado Plateau, along the western side of the largest contiguous Ponderosa Pine forest in the continental United States.

## OTHER FORTHCOMING CONFERENCES

### ELECTRONIC CONFERENCE ON TEACHING STATISTICS (eCOTS) May 19–23, 2014

The second biennial Electronic Conference on Teaching Statistics (eCOTS) is May 19–23, 2014, hosted by the Consortium for the Advancement of Undergraduate Statistics Education (CAUSE).

**2014 JOINT STATISTICAL MEETINGS**  
**Boston, Massachusetts, USA**  
**August 2–7, 2014**

The 2014 Joint Statistical Meetings (JSM) will be held August 2–7, 2014, in Boston, Massachusetts, USA, at the Boston Convention and Exhibition Center with the theme “Statistics: Global Impact – Past, Present, and Future.” JSM is the largest gathering of statisticians held in North America. It is held jointly with the American Statistical Association, the International Biometric Society (ENAR and WNAR), the Institute of Mathematical Statistics, the Statistical Society of Canada, the International Chinese Statist of Canada, the International Chinese Statistical Association, the International Indian Statistical Association, the International Society for Bayesian Analysis, the Korean International Statistical Association, and the Royal Statistical Society. Attended by over 6000 people, the meeting includes oral presentations, panel sessions, poster presentations, continuing education courses, exhibit hall (with state-of-the-art statistical products and opportunities), career placement service, society and section business meetings, committee meetings, social activities, and networking opportunities.

**2014 INTERNATIONAL CONFERENCE OF THE ROYAL STATISTICAL SOCIETY**  
**Sheffield City Hall in Sheffield, South Yorkshire**  
**September 1–4, 2014**

The RSS Conference provides a unique opportunity in the UK for statisticians and users of statistics of all ages and professional backgrounds to gather and exchange knowledge and experiences, whether in the formal conference sessions or in the many opportunities for networking at refreshment breaks or at evening social events. The conference regularly attracts over 400 participants ranging from senior academic statisticians to new graduates and postgraduate students, with strong representation from the public sector as well as statisticians working in industry or as independent consultants. Abstract submission for contributed talks has closed but is still open (until June 30) for contributed posters.

**INTERNATIONAL MATHEMATICS EDUCATION FOR THE FUTURE CONFERENCE**  
**Hunguest Hotel Sun Resort in Herceg Novi, Montenegro**  
**September 21–26, 2014**

The theme of the conference is “The Future of Mathematics Education in a Connected World.” The eleven previous conferences since 1999, held by the Maths Education into the 21st Century Project, were renowned for their friendly and productive atmosphere, and were attended by many innovative movers and shakers from around the world. We now welcome proposals for papers and workshops in all areas of innovation in mathematics, science, computing and statistics education. We would especially like to help research students/lecturers by offering free double-blind peer review for formal research papers sent to us in good time by registered participants. The Proceedings will be published as a DVD for each participant, and will also be available online. In addition, there is a possibility of selected papers being published as a book after the conference. The registration fee is 395 euro for double/twin share and 460 euro for single accommodation. The registration fee covers five nights B&B accommodation, all conference documents, an evening welcome reception on Saturday with drinks and canapés, four lunches (Sep 22–25), seven tea/coffee breaks, half-day excursion with lunch on September 24, and a special Gala Dinner on September 25.

**2015 JOINT MATHEMATICS MEETINGS**  
**Henry B. Gonzalez Convention Center in San Antonio, Texas, USA**  
**January 10–13, 2015**

The largest mathematics meeting in the world is returning to San Antonio, one of the friendliest cities in the nation and where southern hospitality meets Texas charm to create a culture that's adept at making visitors feel at home. The Mathematical Association of America (MAA) and the American Mathematical Society (AMS) invite you to join them there for the next Joint Mathematics Meetings (JMM). This will be the 98th annual winter meeting of MAA and the 121st annual meeting of the AMS. The JMM will host sessions by the Association for Symbolic Logic (ASL) and the American Mathematical Society (AMS). The JMM hosted sessions by the Association for Symbolic Logic (ASL), the Association for Women in Mathematics (AWM), the National Association for Mathematicians (NAM), and the Society for Industrial and Applied Mathematics (SIAM).

**60th WORLD STATISTICS CONGRESS OF THE ISI**  
**Rio de Janeiro, Brazil**  
**July 26–31, 2015**

The 60th World Statistics Congress of the International Statistical Institute will take place in Rio de Janeiro, Brazil from July 26–31, 2015. The congress will bring together members of the statistical community to present, discuss, promote and disseminate research and best practice in every field of statistics and its applications. The Scientific Programme of the 60th Congress is being prepared and will include a wealth of activities that will cover stimulating topics and

offer delegates innovative and well-balanced presentations, as well as plenty of opportunities for discussion and exchange. A rich and exciting Social Programme is also being developed, with plenty to see and enjoy for participants and their accompanying persons, hoping to make your trip to Rio and taking part in ISI2015 a truly unforgettable experience.

**INTERNATIONAL CONGRESS ON MATHEMATICAL EDUCATION (ICME) 13**  
**Hamburg, Germany**  
**July 24–31, 2016**

The Society of Didactics of Mathematics (Gesellschaft für Didaktik der Mathematik - GDM) has the pleasure of hosting ICME-13 in Germany. The congress – to be held under the auspices of the International Commission on Mathematical Instruction (ICMI) – will take place at the University of Hamburg from July 24–31, 2016. Hamburg is a bustling cosmopolitan port in northern Germany, and with 1.8 million inhabitants, its second largest city. It offers a perfect environment for a stimulating congress.
