

DATASCIENTIST EDUCATION BY E-LEARNING SYSTEM

Kenichi Hirano, i's FACTORY co., ltd. / The Open University of Japan, Japan
hirano@isfactory.co.jp

In February 14, 2017, i's Factory, Co. Ltd. offered datascientist education course by e-learning system (Japanese only). After that, over 100 students (businessperson, school students, etc.) already have learned our course. In Japan, there are the datascientist education course by schooling. But only we are providing the datascientist education course by e-learning system (Online). So, we make tuition fee reasonable (19,800 yen) and you can learn our course anytime, anywhere by accessing to the Internet with PC, smartphone, and tablet.
