ISLP Poster Competition – Teacher’s notes

Goal of the competition

To improve students’ abilities in describing their environment with help of statistics and in using statistics as a tool for learning about their lives on a daily basis.

Why a poster?

Taking part in this poster competition will encourage students
• to work as a team
• to investigate real questions using data
• to use their mathematical and graphical skills
• to interpret statistical results
• to develop written communication skills

Participants

The competition is open to teams of 2–3 students (we do not allow posters made by only one student).
There are two divisions:
– students born in 2000 and younger (lower secondary/upper comprehensive school)
– students born in 1997 and younger (upper secondary school)
Teams are registered by teachers.
The theme of the poster is your own country’s history.

Phases of the competition:

1. School/local/regional competition
   - registration by teacher with your own Country Coordinator
     (http://iase-web.org/islp/People.php?p=Country_Coordinators)
   - preparing posters
   - judging posters in school/locally/regionally
   - submitting the best poster of each age category to national committees/country coordinators (only one poster per category)
   - how this stage is executed may vary in different countries; country coordinator will give more specific instructions

2. National competition
   - posters will be judged by national organizing committees
   - the winning posters (nationally) will be announced on 17th March 2017 (at the latest)
   - the best posters from each country will represent their country in the ISLP competition
3. International competition
   - winning national posters:
   - will be judged in an international final
   - will be displayed at the 60th World Statistics Congress of the International Statistics Institute in Marrakech 16-21 July 2017
   - international winners will be announced during this conference
   - international winners will also be announced on the ISLP website
