ISLP Poster Competition – Teacher’s notes

Goal of the competition

To improve students' abilities in describing their environment with help of statistics and in using statistics as a tool for learning about their lives on a daily basis.

Why a poster?

Taking part in this poster competition will encourage students

- to work as a team
- to investigate real questions using data
- to use their mathematical and graphical skills
- to interpret statistical results
- to develop written communication skills

Participants

The competition is open to teams of 2–5 students (we do not allow posters made by only one student).

There are three divisions:

- students born in 2003 and younger (lower secondary/upper comprehensive school)
- students born in 2000 and younger (upper secondary school)
- undergraduate students in university/college (no age limit)

Teams are registered by teachers.

The theme of the poster is free.

Phases of the competition:

1. School/local/regional competition
   - preparing posters
   - judging posters in school/locally/regionally
   - submitting the best poster of each age category to national committees/country coordinators (only one poster per category)
   - how this stage is executed may vary in different countries; country coordinator will give more specific instructions

2. National competition
   - posters will be judged by national organizing committees
   - the winning posters (nationally) will be announced on 30th March 2019 (at the latest)
   - the best posters from each country will represent their country in the ISLP competition
3. International competition
- winning national posters:
  - will be judged in an international final
  - will be displayed at the 62nd World Statistics Congress of the International Statistics Institute in Kuala Lumpur 18-23 August 2019
  - international winners will be announced during this conference
  - international winners will also be announced on the ISLP website
