

Dear #NAME#,

I am happy to share an online talk on 14 May 2023 by Prof Don McNeil organised by PISTAR.

For registrations please contact  
[secretary@isoss.net](mailto:secretary@isoss.net)  
[mjawad-mirza@hotmail.com](mailto:mjawad-mirza@hotmail.com)

I hope that you can join.

Kind regards  
Ayse Aysin Bilgin

Dear Colleagues,

I am happy to share with you that an Emeritus Professor Don McNeil, School of Mathematical and Physical Science, Macquarie University, Australia will be rendering an Invited Talk in the International Webinar Series of the Pak Institute of Statistical Training and Research (PISTAR) to be held from 3:00 to 4:30 pm PKT (Pakistan Standard Time) on Sunday, 14th May 2023. In his talk, he will be presenting his research on climate change which is a burning issue these days. I and my PISTAR team-members are optimistic that Don will be able to motivate some colleagues from within Pakistan and other countries to collaborate with him for research on climate change on similar lines as his research-work in this area.

Looking forward to a highly enthusiastic participation by colleagues and students.

With best regards,  
Saleha

Prof. Dr. Saleha Naghmi Habibullah  
Professor of Statistics,  
Kinnaird College For Women, Lahore, Pakistan;  
Honorary Executive Director PISTAR
