9TH INTERNATIONAL CONFERENCE ON TEACHING STATISTICS
Flagstaff, Arizona, USA, July 13–18, 2014

The International Conference on Teaching Statistics (ICOTS) is held every four years in different parts of the world. This conference is organized by the IASE. The main purpose of ICOTS is to give statistics educators and professionals around the world the opportunity to exchange information, ideas, and experiences; to present recent innovation and research in the field of statistics education; and to expand their range of collaborators. The ICOTS-9 conference theme is “Sustainability in Statistics Education.” The 2014 Conference will be held in Flagstaff, Arizona, USA, which lies near the southwestern edge of the Colorado Plateau, along the western side of the largest contiguous Ponderosa Pine forest in the continental United States.

OTHER FORTHCOMING CONFERENCES

2013 JOINT MATHEMATICS MEETINGS San Diego Convention Center, San Diego, California, USA January 9–12, 2013

The largest mathematics meeting in the world is heading back to “America's Finest City”! The Mathematical Association of America (MAA) and the American Mathematical Society (AMS) invite you to join them at the next Joint Mathematics Meetings (JMM) which will be held in beautiful San Diego, known for its mild year-round climate and its natural deep-water harbor. This will be the 96th annual winter meeting of MAA and the 119th annual meeting of AMS. JMM will host sessions by the National Association for Mathematicians, the Association for Symbolic Logic, the Association for Women in Mathematics, and the Society for Industrial and Applied Mathematics.

SRTL-8
EIGHTH INTERNATIONAL RESEARCH FORUM ON
STATISTICAL REASONING, THINKING AND LITERACY
Superior Shores Resort & Conference Center
Two Harbors, Minnesota, USA, August 18–24, 2013

The SRTL International Collaboration began in 1999 to foster current and innovative research studies that examine the nature and development of statistical literacy, reasoning, and thinking, and to explore the challenge of developing these desired learning goals for students. Co-chaired by Joan Garfield and Dani Ben-Zvi, the SRTL Forums offer scientific gatherings every two years and related publications in journals, and books. The theme of the SRTL-8 Research Forum is “Reasoning about Uncertainty in the Context of Making Informal Statistical Inferences.”

59TH WORLD STATISTICS CONGRESS OF THE ISI
Hong Kong Convention and Exhibition Centre (HKCEC)
August 25–30, 2013

The 59th WSC provides a platform for the international statistical community to share and present the latest knowledge and innovation in statistics. The scientific programme encompasses a wide range of topics facilitating professional exchanges and sharing amongst experts and practitioners in various statistical spheres. Featuring the unique theme “Youth,” a series of sessions will be organised on the “Theme Day” of the 59th WSC to address, from various statistical perspectives, topics surrounding the “Youth.”

Delegates are welcome to plan tailor-made events from a wide spectrum of activities including scientific programme, social programme, satellite meetings, and short courses.

ICME 13
INTERNATIONAL CONGRESS ON MATHEMATICAL EDUCATION
Hamburg, Germany, July 24–31, 2016

The Society of Didactics of Mathematics (Gesellschaft für Didaktik der Mathematik - GDM) has the pleasure of hosting ICME-13 in 2016 in Germany. The congress – to be held under the auspices of the International Commission on Mathematical Instruction (ICMI) – will take place at the University of Hamburg from Sunday, 24th July to Sunday, 31st July 2016. Hamburg is a bustling cosmopolitan port in the north of Germany, and with 1.8 million inhabitants its second largest city. It offers a perfect environment for a challenging congress.
